9. Comments from Alderman

- Arthur Penzo asked if the tire shop on 412 was going to get a lock box installed after their alarm sounded and the police couldn't get in. The answer is "yes" they are getting one installed.
- Tommy Granata asked the Mayor about the progress on the city hall building and court ruling. (Answer is noted on the Mayor's comment)
- Gene McCartney asked Chief McCormick about tagging friends and family of people with warrants on the Police Department's Facebook page. Chief McCormick said the Police Department tags family and friends because they can help contact the person that has a warrant and this can also help people that don't know there has been a warrant issued. The Police Department will take the tagged friends and family off their Facebook page if they call in a request. Justin Eichmann will also check into this.
- Henry Piazza said there is a fire hydrant too close to the road on Fletcher and thinks it needs to be moved back.
- Larry Ardemagni says we're doing a good job.
