Code Section: 152.198 Landscaping Perimeter

Narrative: Applicant requests waiver of the landscaping requirement for perimeter planting along the primary drive to the facility. Due to the nature of the primarily truck traffic entering the facility being 13'-6" tall; as the trees mature their branches would be subject to frequent damage by the truck traffic and further, the trucks would be damaged by the tree limbs. This waiver request is only the minimum required to satisfy the concerns of the applicant because the perimeter of the site would be planted per code except that area along the entry drive.
