Dear Members of the Tontitown Planning
Commission:

We received your letter regarding the appeal of the
Potts Family LLC rezoning request.

**We are in complete agreement with the amended
drawing (attached) leaving the R-3 zoning at the
top of the hill which overlooks/backs up to our
property.**

We would like to thank the Planning Commission as
well as the Potts family for understanding our
concerns and working with us to come to a
compromise regarding the rezoning request. We
very much appreciate your time and service to our
community.
