Tontitown Historical Museum (THM) Report for the COW Meeting Tuesday, February 17, 2026

The THM Board of Directors met February 2, 2026 at City Hall at 6p.m.

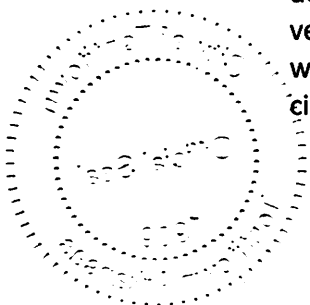

1. Springdale Schools Collaboration: We continue to work with both Helen Tyson and Walker groups, with plans for students to come to the museum or staff go to them for updates on their projects.

2. Repairs: David's Roofing has completed the roof and are nearly done with the siding and gutters. We discovered the original roof was still on the building and it was at one point painted a dark green. We also were able to see parts of the original wood exterior.

3. Digitization Project: Goals for 2026 are set to photograph all our artifacts (objects), we aim to have all physical objects cataloged and to continue improving our tagging and notes of items already in the database.

4. Visitors: 14

5. New Exhibits 2026: The Veterans of Tontitown exhibit is officially opened. Visitors will have the chance to see artifacts from World War I and World War II, replica documents from one of our Army Air Corp Nurses, and a 20 minute video narrated by veterans and letters read by staff that were written in 1918. The America250 exhibit will be ready later this spring and will highlight Tontitown becoming an incorporated city, what this meant for the citizens, the early businesses of Tontitown and more!

6. New to the Museum: The newest tech donation from Walmart Museum is live, visitors can dive into our online collections and see what we have on display with more information and see what we have in storage.

7. Rollins School: 3rd grade students had a chance to explore the museum a couple weeks ago, and were the first visitors to see the completed Veterans exhibit, they had lots of questions about the artifacts, like the World War I Gas Mask and the World War II Wedding Dress and Navy Uniform.

Regular Museum Hours: Wednesday & Thursday 9am-1pm, Friday & Saturday 1pm-4pm

THM Board will meet on March 2nd Chambers at City Hall at 6p.m.

13) Public Comments- None

14) Comments from Alderman

Mike Washkowiack

- I'll keep it short and sweet. I ran across a quote last night that I thought was kind of pertinent considering we had a little bit of a heated discussion last time.

"Just because you are right doesn't mean the other person is wrong. You just haven't seen it from their angle"

So, I like that we can have debate with one another and so far, nobody's thrown punches or challenged each other to a duel outside the parking lot. So, thanks everybody for coming out and we'll see you in a couple of weeks.

#### **Tim Burress**

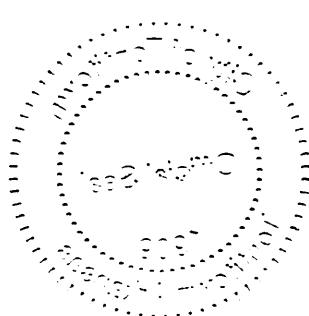

- I'm glad that nobody has tried to throw any punches yet. I think it was Douglas MacArthur who said, "If we're all thinking the same, somebody's not thinking." So, I'm consistently reminded and pleased that in this chamber, in this council, that we often, argue and fight vehemently, because we all do have a different view. So, I know that it doesn't always go my way, I know it doesn't always go anybody's way necessarily, but I'm just thankful that we have an opportunity for this type of government, then we get to be a part of it. So, thank you all for being a part of it. I know it's not always easy or fun. I wanted to thank Mr. Clark, Mr. Spurlock, Mr. Latham in particular, Mr. Bowen for coming up and speaking to us tonight. I know Emily did as well. I really appreciate the work that you guys put into, the reports that you provide, the information that you share with us. There's just so much of it that if we don't have that top line, we're just not going to have any idea of what's going. Thank you so much. I really appreciate your help. And madame mayor, thank you for the state of the city address tonight as well.

#### **Larry Ardemagni**

- As usual, our staff topknot. I can't say enough about the whole city. And as far as our discourses I would truly love to, I don't mind people having differences of opinion. As a matter of fact, I invite them, but I hope we can do it. keep it civil. That's my request from here on out. Thank you all very much.

#### **Amber Ibarra**

- Yes, I do think it is good and healthy to think differently, have different views. I do think personal attacks are never becoming of an elected official. Also, as Captain Bowen mentioned, the Citizens Police Academy coming up on April 16th, I would highly recommend if you have not partaken in that to do so. It was so much fun. I think Larry and I, even Mr. Burress did that, also Danny's a veteran, we all participated last year. Danny did it the following year as well. So much fun. I learned so much and you just gained appreciation for them and what they do. Really greatly appreciate it. I encourage you to participate in that. so much.

**Misty Piazza**

- Just want to thank everybody for coming out tonight and thank you, Councilman, for making this be a speedy meeting so I can go see my son play.

**Daniel Montez**

- I want to kind of echo what everybody said up here tonight. Thanks for coming out and I appreciate the debate that we have and I know we don't see eye to eye on a lot of things together, but it makes a great council. I also want to echo the Police Academy. That is a great informative way to know what these guys are doing on a day-to-day basis and kind of get yourself familiar with it. Everybody have a great night and drive safely.

**15) Comments from Mayor**

- Thank you for allowing us to start with prayer council. I appreciate that very much because I felt like I needed prayer before I started my State of the City Address and I appreciate you changing up the agenda for me to be able to do that. Also want to thank my assistant Megan, she is absolutely unbelievable. She helps so much with so many different things. And after I did my State of the City, I was like, I didn't say anything about, so, I just wanted to mention her. She was willing to come back tonight, she was willing to come back in tomorrow morning to help with setting up the election stuff that's getting ready to that's stuffed all in her office right now. And I said, "No, I think we'll be fine." But I appreciate her for all the stuff that she does and for all the help that she gives me and the other people in the office.

**16) Comments from City Attorney**

- I am not going to hold up a soccer game. So, I would just well done everyone. Thank you to staff. Thank you to the council for everything you do and just letting me be a part of it. Thank you.
