Zak,

Attached are the invoices we were charged for this job, along with a breakdown of the work performed by the contractor:

- The pipe had to be relocated to the **east side of the road** due to conflicts with the existing **water and sewer lines**.
- The contractor was required to **bore extensively** because of **trees and the elevated parking lot**, which involved significantly more work than a standard open-cut installation.
- We installed **4-inch PE pipe at our own cost**; however, we only charged the City for the **2-inch plastic pipe**.
- All inspection, parts, and pipe costs billed to the City were for **2-inch pipe only**, not the 4-inch pipe that was installed.

Hope that this helps!
